

CURRICULUM VITAE

SURNAME:Sherkat

FIRSTNAME:Roya

ADDRESS:Infectious Disease Department

St. Alzahra University Hospital

Isfahan , Iran

Sherkat@med.mui.ac.ir

03138222618

DATE OF BIRTH:16th July 1962

MEDICALSCHOOL: IsfahanUniversity of Medical Sciences, Iran
(1983-1989)

POSTGRADUATE TRAINING:

Feb 1988 - Aug 1989 Internship

Sep 1989 - Dec 1992 Speciality:
A Basic Course in Immunology, Microbiology ...
Internal Medicine
Pediatrics
Infectious and tropical Diseases
(Adult, Pediatrics)

Postgraduate training (subspecialty) UK:
Jan 1993 to Mar 1993 English language unit (University of Leeds)
Apr 1993 to June 1993 Infectious Diseases (SeacroftUniversityHospital, Leeds)
Jun 1993 to Dec 1996 Regional immunology Service
(St. James's University Hospital, Leeds)

U.K. Training Program for Higher Specialist Training in
Immunology and Allergy, MRCPATH Scheme:
Clinical Immunology & Allergy
Pediatric Hematology & Oncology
Rheumatology

Chest Medicine
Pediatrics
Genito-Urinary Medicine (HIV & STD)
Renal Transplant
Liver Transplant
Dermatology
Haematology , Oncology
Cystic Fibrosis
Chronic Fatigue Syndrome
Immunology Lab.
Bacteriology & Mycology Lab.
Virology Lab.

Degrees:

M.D, 1989

Specialty: Infectious and Tropical Diseases, 1993

Sub-Specialty: Clinical Immunology and Allergy, 1996

Professional Experiences:

- 1) Academic member of Infectious and Tropical Disease Department, Isfahan University of Medical Sciences
- 2) Part time academic Member of Infectious and TropicalDiseaseResearchCenter, Isfahan University of Medical Sciences
- 3) Infectious and TropicalDiseaseResearchCenter research committee member , Isfahan University of Medical Sciences
- 4) Head of IsfahanImmunodeficiency Research Unit, Infectious and TropicalDiseaseResearchCenter, IsfahanUniversity of Medical Sciences

5) Member of Infectious Disease Committee of Medical Logics ,Isfahan Province , Iran

6) Member of AlzahraUniversityHospital Death Committee

7) Member of AlzahraUniversityHospital Health Committee

8) Member of AlzahraUniversityHospital Research Unit

9) Head of Infectious and TropicalDiseaseResearchCenter Immunology Laboratory, IsfahanUniversity of Medical Sciences

10) Head of Isfahan Immunodeficiency Association

11) Head of Acquired ImmunodeficiencyResearchCenter, IsfahanUniversiyy of Medical Sciences

Memberships:

1) European Society of Immunodeficiency Diseases

2) British Society of Clinical Immunology

3) Iranian Society of Immunology and Allergy

4) Iranian Society of Asthma, Allergy and Immunology

5) Iranian Society of Infectious Disease

Publications

Research Projects & Thesis Provision:

1) The frequency of CMV infection in Isfahan Blood Transfusion Unit blood donors, 1377

2) The frequency of CMV infection in St. Aliasghar Hemodialysis Unit patients, 1377

- 3) Frequency of positive of HSV-PCR CSF in patients hospitalized as herpes encephalitis, St. Alzahra Hospital
- 4) The frequency of toxoplasma infection in St. Aliasghar Hemodialysis Unit patients, 1378
- 5) Evaluation the relation between angioedema and chronic urticaria with autoimmune thyroiditis and the effect of thyroxin treatment on them
- 6) The frequency of hypogammaglobulinemia in outpatients ENT and Clinical Immunology and Allergy clinics patients with recurrent , chronic or sever respiratory infections, IsfahanUniversity of medical Sciences
- 7) Evaluation of sensitivity and specificity of mouse liver tissue and commercial kits and measurement of anti- nuclear antibody in positive serums.
- 8) Evaluation of Burdetellapertusis infection with serology and culture in patients with chronic cough and controls in isfahan , 1380
- 9) The co- relation between IgM-Anti-cardiolipin antibody and Myocardial Infarction
- 10) The frequency of positive CMV serology in women with term pregnancy and comparison with their cord blood serology
- 11) The frequency of Antineutrophil Cytoplasmic Antibodies in Patients with Pulmonary Tuberculosis and controls
- 12) Comparison of the frequency of positive anti-cardiolipin antibody in patients less than 45 years old with cerebra vascular accidents and controls in AlzahraHospital

- 13) The co- relation between IgG-Anti-cardiolipin antibody and Myocardial Infarction
- 14) Comparison of the frequency of Chlamydia pneumonia infection in patients with coronary artery disease and controls, Isfahan 1380
- 15) The evaluation of Anti-HBS Ag titer in vaccinated surgeons for hepatitis B to evaluate effectiveness and immunity of vaccine
- 16) Evaluation of anti- measles antibody in 18-22 years old medical students of Isfahan University of medical Sciences, 1380
- 17) The comparison of kidney biopsies microscopic characteristics with laboratory and clinical manifestations, 1379-1381
- 18) The comparison of ribaverin plus intravenous immunoglobulin and ribaverin plus corticosteroid regimen effectiveness in hemorrhagic fevers
- 19) Evaluation of IFN- γ cytokine production in TCD8⁺/CD3⁺ cells in response to cytomegalovirus in women with recurrent spontaneous abortion and comparison with control group
- 20) The comparison of humoral immunity to Cytomegalovirus in women with and without spontaneous recurrent abortion
- 21) Evaluation of immunodeficiency research group establishment in Infectious and Tropical Disease Research Center and Alzahra Hospital
- 22) Evaluation of CD107a expression in TCD8⁺/CD3⁺ cells in response to cytomegalovirus in women with recurrent spontaneous abortion : and comparison with control group
- 23) Evaluation of the relation between carotid ultrasonic changes with Chlamydia pneumonia seropositivity in patients with acute stroke

- 24) The comparison of diagnostic value of Tuberculin Skin Test and TSPT-TB in Immunodeficient patients for latent tuberculosis infection , use of Isoniazide prophylaxis in patient with positive tests and evaluation of incidence of tuberculosis in both group with positive and negative tests
- 25-The effects of cognitive – behavioral stress management intervention on distress, quality of life and immune function in women with breast cancer.
26. Evaluation of selective antibody deficiency and its relation to IgG2 and IgG3 subclass deficiency in patients with recurrent respiratory infections.
27. The Establishment of the first primary immunodeficiency Biobank in Isfahan University of Medical Sciences
28. Evaluation & comparison of KIR genotype in Hepatitis B patients, susceptible families to hepatitis B and normal population.
- 29.Evaluation of the T helper 17 cell specific genes and the innate lymphoid cells counts in the peripheral blood of patients with the common variable immunodeficiency
30. Evaluation of newly identified helper T cells specific cytokines expressions in the peripheral blood and sputum samples of patients with Asthma
- 31.Immunophenotyping of transitional B cells and evaluation of mutations in BAFFR in patients with allergic and non-allergic common variable Immune deficiency (CVID) in compare with healthy controls
- 32.Evaluation of T Lymphocyte Proliferation against candida antigen in women with Recurrent vulvovaginal Candidiasis compared with healthy women without RVVC by Flowmetric CFSE method
33. Providing a Biobank from patients with inflammatory bowel diseases which suspected to immunodeficiency diseases referred to Isfahan digestive diseases research centers between 2014-2015

34. Determination of mutation in 1, 2 and 3 exons of IL 10RA gene and 1 to 7 exons of IL 10RB in patients with Inflammatory bowel disease suspected with primary immunodeficiency referred to Research Centers Immunodeficiency and Subspecialty Clinic Gastroenterology of Isfahan University of Medical Sciences

35. IFNGR1 gene mutations in patients with suspected mendelian susceptibility to mycobacterial disease referred to health and educational centers, Isfahan University of medical sciences

35. IL-12RB gene mutations in patients with suspected mendelian susceptibility to mycobacterial disease referred to health and educational centers of Isfahan University of medical sciences

36. Investigation of mutation existence in exons of IL 12B gene in patients with suspected mendelian susceptibility to mycobacterial disease referred to health and educational centers of Isfahan University of medical sciences

37. Screening of patients with suspected mendelian Susceptibility to Mycobacterial Disease for IL-12p40 deficiency

38. Genetic and functional evaluation of Th17 cells in patients with susceptibility to Candidiasis

39. Genetic Evaluation of IL12RB1 in Patients with Severe Leishmaniasis

40. Comparative evaluation of cytomegalovirus avidity and Quantiferon in pregnant women with early onset pre-eclampsia and women with normal pregnancy

41. Database preparation of patients with primary immunodeficiency referred to Isfahan medical center

42. In vivo, Gene delivery to CD34 cells at mice

43. In vitro, Gene delivery to CD34 cells at mice

44. Providing and setup a demographic data-bank, clinical and drawing pedigree from patients with inflammatory bowel diseases and suspected to immunodeficiency diseases referred to Isfahan medical, university and research centers in 2014

45. Evaluation of B cell maturation antigen (BCMA) expression on B cells as well as counting peripheral blood plasma blast cells in patients with COVID in compare with healthy controls

46. Investigation of mutation existence in GATA2 gene prevalent exons in patients with suspected mendelian susceptibility to mycobacterial disease referred to health and educational centers of Isfahan University of medical sciences

47. Comparative evaluation of cytomegalovirus serology in pregnant women with early onset preeclampsia and women with normal pregnancy

48. Natural killer cell Ig-like receptor (KIR) genes genotypes in patients with chronic hepatitis B, families with hepatitis B and healthy subjects

49. The assessment serology of *Coxiella burnetii* in butchers in Isfahan in 2015

50. Screen and detection of immune deficiency in patients suspected to Mendelian susceptibility to mycobacterial infection that referred to the health and educational centers of Isfahan University of medical sciences

51. Determination of polymorphism in exon 4 of IL 10 RA gene in healthy volunteers in Isfahan in 2016-2017

52. Determination of polymorphism in exon 7 of IL 10 RA gene in healthy volunteers in Isfahan in 2016-2017

53. Assessment of mutation existence in selected exon(ex6) of GATA2 gene in patients suspected to Mendelian susceptibility to mycobacterial infection that referred to the health and educational centers of Isfahan University of medical sciences

54. Comparative evaluation of cell-mediated immunity to cytomegalovirus, in pregnant women with early onset preeclampsia and women with normal pregnancy

55. Screening and detection of immune deficiency for cell surface expression of IFN- γ R1 in patients suspected to Mendelian susceptibility to mycobacterial infection that referred to the health and educational centers of Isfahan University of medical sciences

56. Providing a Biobank from patients with Mendelian susceptibility to mycobacterial diseases referred to Isfahan digestive diseases research centers in 2017-2018

57. Evaluation and comparison of natural killer cell cytotoxic activity in Hepatitis B patients, susceptible families to hepatitis B and normal population.

58. Utilization of Recombinant Allergens from American Cockroach (*Periplaneta Americana*) for Component Resolved Diagnosis

59. Indigenizing and set up of diagnostic panel for opportunistic infections in immunodeficient patients with Hematologic cancers under chemotherapy

CONGRESSES AND MEETING PRESENTATIONS:

-Chronic mucocutaneous candidiasis 6th Iranian congress of immunology and allergy. 2002.

-Evaluation and comparison of anticardiolipin antibodies among patients with cerebrovascular accidents and control group 1999-2000 6th Iranian congress of immunology and allergy, 2002.

-Evaluation of serum measles antibody in medical students aging 18-22, 2000, Isfahan 6th Iranian congress of immunology and allergy. 2002.

-Primary immunodeficiency in Iran: first report of the national registry of PID children and adults XXI congress of the European Academy of Allergology and Clinical Immunology, 2002.

-A case of common variable immunodeficiency & mycobacterial infection 17th national congress of tuberculosis (13th state congress of medical medical updates.

-Association of chronic urticaria and/or angioedema with thyroid autoimmunity asthma & allergy seminar. 2003

-Mycobacterial infection in chronic granulomatous disease 17th national congress of tuberculosis (13th state congress of medical medical updates. 2003.

-Evaluation of the frequency of serum immunoglobulin levels in patients with recurrent, chronic and severe infections, Asthma and Allergy Seminar, 2003, Tehran.

-Anti-cardiolipin antibodies and risk of coronary heart disease the 7th congress of immunology & allergy. 2004

-Mycobacterial infection in chronic granulomatous disease The British Society for Allergy and Clinical Immunology annual meeting. 12-14 July 2004

-13th iranian congress on infectious diseases and tropical medicine. 2004.

-Mycobacterial infection in chronic granulomatous disease ,The 7 congress of immunology &allergy. 2004

-Comparison of two assays for functional assessment of respiratory burst in CGD patients , First international congress on immunodeficiency disorders. 2005

- The congress of infectiouse disease in pregnancy, 2005, Isfahan, Iran

-Incidence survey of CGD in immunodeficient patients suspected of CGD with dihydrodamin ,First international congress on immunodeficiency disorders. 2005

-Iranian primary immunodeficiency registry(IPIDR): from the past to the future , First international congress on immunodeficiency disorders. 2005

-Primary immunodeficiency disorgersqueriers in isfahanprovince , First international congress on immunodeficiency disorers. 2005

-The frequency of consanguinity in primary immunodeficients ;the report from iranian primary immunodeficiency registry first international congress on immunodeficiency disorders. 2005.

-Evaluation of Burdettelapertusis in patients with chronic cough ,The 14 thiranian congress on infectious disease and tropical medicine. 2005

-XIIth Meeting of the European Society for Immunodeficiency's.Organized on October 4-7, 2006 in Budapest, Hungary. Budapest, October 7, 2006.

-Bordetella pertossisinfection , 16th european congress of clinical microbiology and infectious diseases. 2006.

- Seropositivity of cytomegalovirus in women with unexplained recurrent spontaneous abortions ,World Allergy Congress 2007, in Bangkok, Thailand, 2-6 December 2007.

- The third international congress of pulmonary disease, intensive care and TB, 2007, Tehran, Iran

- Anti-Cardiolipin Antibodies and Risk of Coronary Heart Disease ,Immunology, Asthma & Allergy, New concepts in Prevention, Diagnosis & Treatment seminar. May 22-24, 2007. Razi Conference Center .Tehran – Iran.

- Evaluation of Auto & Alloimmune Factors in Women with Recurrent Abortion ,9th congress on reproductive Biomedicine & 4th Congress on stem Cell Biology & Technology , August 26-29, 2008. Tehran – Iran.

- Antineutrophil Cytoplasmic Antibodies in Patients with Pulmonary Tuberculosis ,The 9th Iranian congress of Immunology and Allergy, 2008 ,Tehran

- The first congress of infection in intravenous drug abusers, 2008, Isfahan , Iran

- XIII International Food Allergy Symposium, November 5, 2009, at the Miami Beach Convention Center in Miami Beach, FL.

- The Association between CMV Infection, Antiphospholipid Antibodies and Serum Gammaglobulins in patients with Recurrent Spontaneous Abortion ACCAI Congress , November 5-10, 2009, at the Miami Beach Convention Center Miami Beach, FL.

- Budd-Chiari syndrome caused by aspergillus in a CGD patient ,, The 21st International congress of pediatrics , 2009 ,Tehran ,Iran

- XXVIII Congress of the European Academy of Allergy and clinical immunology in Warszawa, Poland, 6-10 June 2009.

- Lymphocyte subsets in patients with unexplained recurrent pregnancy loss , in relation to pregnancy outcome after immunotherapy , XIVth Meeting of the European Society for immunodeficiency's (ESID) organized on October 6-9, 2010 in Istanbul , Turkey.

-Anti -Cytomegalovirus Avidity Index in women with and without Recurrent Pregnancy Loss , The 4th Iranian clinical microbiology congress , November , 2010,Isfahan , Iran

-Osteomyelitis as a late presentation of Disseminated Bacillus Calmette Guerin infection .The 8th Biennial congress of Iranian Society of Asthma and Allergy. 2011 , shiraz ,Iran.

CD107a expression and IFN- γ production as evaluation of Cytotoxic CD3⁺ CD8⁺ T cell response to CMV antigen in women with recurrent pregnancy Loss , 15th Biennial Meeting of the European Society of Immunodeficiency, 3-6 October 2012 , Florence,Italy.

- Comparison of Anti-pneumococcal antibody and its relation to IgG2 serum Level in patients with recurrent sinopulmonary infections and controls pre and post pneumococcal vaccine, 11th International Congress of Immunology and Allergy of Iran .2012 , Tehran , Iran.

-Odd Presentations of Chronic Granulomatous Disease , VIII World Congress of Immunopathology, Respiratory Allergy & Asthma , October 12-15, 2013 , Dubai, UAE

- HUMAN JAGN1 DEFICIENCY CAUSES DISTURBED MYELOID CELL HOMEOSTASIS AND SEVERE CONGENITAL NEUTROPENIA, 16th Biennial Meeting of the European Society for Immunodeficiencies (ESID 2014), 29 October -1 November, 2014, Prague, Czech Republic

- PRESENTATION OF INFECTIONS AND IMMUNE DYSREGULATIONS IN COMMON VARIABLE IMMUNODEFICIENCY (CVID)PATIENTS AND ITS RELATION TO THEIR CLINICAL AND IMMUNOLOGICAL

CHARACTERISTICS IN ISFAHAN, 16th Biennial Meeting of the European Society for Immunodeficiencies (ESID 2014), 29 October – 1 November, 2014, Prague, Czech Republic

- ENIGMAS LEFT IN DIAGNOSIS: CHRONIC EPSTEIN BARR VIRUS LYMPHOPROLIFERATION OR LYMPHOMA, 16th Biennial Meeting of the European Society for Immunodeficiencies (ESID 2014), 29 October – 1 November, 2014, Prague, Czech Republic

- Pregnancy in primary immunodeficiency disorders, 26th International Congress on Pediatrics, 16-20 Oct, 2014, Tehran, Iran

- primary immunodeficiency disease, 12th International Congress of Immunology & Allergy of Iran, 29th April 2nd May, 2014, Tehran, Iran
Evaluation of newly identified helper T cells specific cytokines expressions in the peripheral blood and sputum samples of patients with Asthma, 12th International Congress of Immunology & Allergy of Iran, 29th April 2nd May, 2014, Tehran, Iran

-Enigmas of primary immunodeficiency and mycobacterial infections in Iran, 100th J Project Meeting, 12-15 MARCH, 2014, Antalya, Turkey

- Proceedings of the Canadian society of allergy and clinical immunology annual scientific meeting 2015 Vancouver, Canada. 21–24 October 2015

- EBV lymphoproliferative disease and cardiac lymphoma in a STK4 deficient patient, Pediatric allergy and asthma meeting, 15- 17 oct, 2015, Berlin, Germany

- 2nd J PROJECT CONGRESS 2-5 March, 2016 | Antalya, Turkey

- 4th Pediatric Allergy and Asthma Meeting (PAAM) Berlin, Germany. 15-17 October 2015

- 17th Biennial Meeting of the European Society for Immunodeficiencies 21 - 24
September 2016, Barcelona
